Should be getting the press advisory momentarily! Will send it to you all asap so that you can pass it along to community members, media outlets, etc.

Confirmed speakers thus far include Menendez, Booker, Pascrell, Quintana, Enck, NJDEP Commissioner Bob Martin and Community Advisory Group rep Joseph Della Fave (Debbie Mans will stand next to him as he speaks). I've heard that the County Executive isn't able to attend and we are waiting to hear back from Frelinghuysen, Sires and Payne.

For the 9:30 am briefing tomorrow morning, please call 212-637-3653 which is David's direct number. I will go to his office to join the call as well.

Thanks all! I will send more updates as I get them!

**Subject:** Details for Friday Press Conference

Hi Everyone,

I spoke with Anthony Puglisi this morning. Anthony is the Communications Director for Essex County Executive Joseph DiVincenzo. Anthony is checking the County Exec's availability right now. I know right now we have confirmed:

US Senator Menendez and Booker?

Congressman Pascrell

Congressman Sires?

Mayor Quintana

**WHERE:     Newark Riverfront Park**

**Raymond Boulevard between Somme and Van Buren Streets**

**Newark**

Anthony...what time would you be available for a call with me and Jennifer Mays from the EPA?

**Subject:** Potential Media Event in Newark -- Invite for Mayor Quintana

I am sending this note at the request of David Lippman in your press office, with whom I spoke. I understand Esme is on vacation.

This Friday, April 11, the EPA anticipates that it will make an announcement related to efforts to clean up the Passaic River. All of the details are still being worked out, including location. Under consideration are the Riverbank Park or the Orange Sticks. The time would likely be 2:00pm. We anticipate inviting reporters via news advisory Thursday. We also would like to offer a phone briefing for the mayor on Friday morning in advance of the event to give the details of the announcement. We would of course love for the Mayor to give the welcome remarks, followed by our US EPA Regional Administrator, Judith Enck, making the announcement, followed by likely several federal elected officials. This is all very much in the works and we will know more by the end of today. Please let us know with whom we should work.
